WORK EXPERIENCE

Cybersecurity Trainee Nov 2025 – Present
InnovAtrium · APAC Cyber Clinic (Google.org × The Asia Foundation × Global Cyber Alliance)
• Selected for Pakistan's first APAC Cyber Clinic cohort — training 100 students and supporting 300 SMEs in cybersecurity risk mitigation.
• Receiving hands-on training in network security, threat intelligence, and security operations under expert industry mentorship.

Full-Stack Development Intern Sep 2025 – Nov 2025
Osso.ai · Remote, Islamabad
• Built scalable MERN stack web applications; engineered secure RESTful APIs and integrated AI/ML components into production systems.

Research & Outreach Analyst Apr 2025 – March 2026
Digital Ocean Women Empowerment Training (WET) Program · Lahore
• Analyzed qualitative and quantitative data to evaluate digital transformation program effectiveness; maintained stakeholder communications.

Software Development Intern Jun 2024 – Aug 2024
Sense.ai · Lahore
• Redesigned UX/UI (HTML, CSS, JS) — boosting user engagement by 20% and reducing page load time by 15% through front-end optimization.

PROJECTS

Digital Forensics: AI-Generated Image Detection via CNNs

Dec 2025 – Jan 2026

TensorFlow · Transfer Learning · XAI · Grad-CAM · Keras | BNU

- Built an end-to-end deep learning pipeline (custom CNN, Xception, MobileNetV2) to classify real vs. AI-generated imagery (GANs/Diffusion Models) for forensic verification; integrated Grad-CAM for explainability.

Umeed-e-Zann — Women's Safety & Empowerment Mobile App

Nov 2025 – Jan 2026

Flutter · Dart · AI Integration | BNU

- Developed Pakistan's first women-centric digital ecosystem with features spanning safety & emergency support, legal AI assistance, mental health, community marketplace, and mentorship.

Finnovation – Intelligent Finance Chatbot

Jan 2025

Python · NLP · RAG · LLMs | 4X Pillars

- Built an AI-powered finance assistant using RAG and LLM integration for real-time, context-aware financial query resolution.

Grantify – Automated Grant Monitoring System

Mar 2025 – Apr 2025

Python · BeautifulSoup · Web Scraping | BNU ORIP

- Automated research grant discovery for BNU's finance department via web scraping, significantly reducing manual tracking overhead.

AfterLight – Interactive Web-Based Game

Mar – Apr 2025

C++ · JavaScript · UI/UX | BNU Connect Inter-Department Collab

- Co-developed an award-winning interactive web game (C++ logic + UI/UX) in cross-department collaboration; received Award of Excellence at BNU Connect 2025.

LEADERSHIP & EXTRACURRICULARS

- **Head of Neural Nova (AI/ML Category)** — BTech Fest, BNU: Directed the premier AI/ML track of BNU's flagship hackathon, themed "Build a Better Tomorrow." (2025)
- **Teaching Assistant (BNU)**– Applied Physics Lab, Programming Fundamentals, AI Lab, ICT Lab: Facilitated lab sessions and graded 500+ student reports. (Oct 2024 – Present)
- **Campus Ambassador** — Vice Chancellor's Office, BNU (2024)

CERTIFICATIONS

- Machine Learning Crash Course [11 Badges] — Google Developers (2025)
- Google IT Automation with Python — Google via Coursera (2024)
- CS50: Introduction to Computer Science — Harvard via edX (2023)

AWARDS & HONORS

- AI Innovation Distinction Award — Annual Project Showcase 2025 (Usman Asif, CEO – Devsinc)
- AI Researcher — Centre of AI Research (CAIR), BNU (2025)
- Award of Excellence — BNU Connect (2025)
- Best Team Project — Web Dev & Programming 2024, (Ayub Ghauri – NetSol)
- Academic High Achiever — Bahria Town College (2023)
- Cyberfest Winner — Techeirarchy x AQSEC (2026)
